

Meeting notes 9/27/2024 Hosted by Alexander

12:40- Alexander entered the classroom meeting

12:50- Wilbert entered the classroom meeting

1:00 - Jay entered the classroom

Jay- Suggested the team name as IntraPhase due to his background in web dev.

Alex- Suggested we work on project 3 to sell DHS to optimize the cloud base for Homeland Security.

Wilbert- Suggested how we should structure our meeting and meetups going forward. Ex.

(Webex meetings using notes that are generated from the AI assistant(built in), creating a group discord, Using google spreadsheets to assign tasks going forward with the project.)
